

Muhammad Muawaz

Frontend Developer | React.js & Next.js | UI/UX Design | IT Support

muawaz.official@gmail.com | +92-313-9204177 | Lahore, Pakistan | linkedin.com/in/muhammad-muawaz | github.com/muawaz123

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive, component-based web applications using React.js, Next.js, and JavaScript (ES6+). Proven ability to develop and ship modern UI components, integrate RESTful APIs, and contribute to full-stack projects in professional development environments. Additional expertise in IT support, network troubleshooting, and Cisco Packet Tracer simulations. Adept at translating Figma designs into pixel-perfect, cross-browser compatible interfaces. Completed BS (Honors) in Computer Science from Lahore Garrison University. Actively seeking a Frontend Developer or Junior Software Engineer role in Lahore.

CORE TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design, Cross-Browser Compatibility

UI & Styling: Tailwind CSS, Bootstrap, CSS Modules, Figma (UI Design & Wireframing), Canva, Pixel-Perfect Implementation

State & APIs: React Hooks (useState, useEffect, custom hooks), Context API, REST API Integration, API Calls, Component Architecture

Backend Exposure: Node.js basics, Full-Stack Project Contribution, Server-Side Rendering (Next.js SSR/SSG)

Networking & IT: Cisco Packet Tracer, Network Setup, Router Configuration, Hardware & Software Troubleshooting

Tools & Workflow: Git, GitHub, Visual Studio Code, npm, SQL, Microsoft Excel, PowerPoint, Agile Collaboration

Soft Skills: Problem Solving, Cross-Functional Collaboration, Time Management, Technical Communication

WORK EXPERIENCE

Frontend Developer Intern

United Software and Technologies International Pvt. Ltd | Lahore, Pakistan | October 2025 – January 2026

- Built responsive, modern UI components using Next.js and JavaScript (ES6+), contributing to production-ready web applications used by real end users
- Integrated RESTful APIs into frontend interfaces, ensuring seamless data flow between client and server across multiple full-stack project modules
- Developed reusable React.js components following component-based architecture principles, reducing code duplication and improving maintainability
- Collaborated with backend developers and designers in an Agile team environment using Git and GitHub for version control and code reviews
- Translated Figma design mockups into pixel-perfect, cross-browser compatible interfaces with consistent UI/UX across devices

Coordinator / Focal Person

Cyber Tech Solution — NAVTTC Course Center | Lahore, Pakistan | March 2025 – Present

- Managed daily operations of NAVTTC Course Center coordinating training programs for 50+ participants across multiple cohorts
- Maintained accurate attendance records and center-level documentation using Microsoft Excel, improving reporting accuracy
- Resolved operational issues and acted as primary liaison between management, trainers, and participants to ensure smooth program delivery

IT Support Intern

Lahore Garrison University | Lahore, Pakistan | October 2024 – March 2025

- Provided hardware and software troubleshooting support for university systems, resolving technical issues for staff and faculty
- Designed and executed network simulations using Cisco Packet Tracer to diagnose and solve connectivity and routing problems
- Assisted in network setup and router configuration, gaining hands-on experience in enterprise IT infrastructure maintenance

PROJECTS

E-Commerce Frontend Application

React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Design | e-commerce-frontend-sigma-pink.vercel.app

- Built a fully responsive e-commerce UI with product listings, cart functionality, and dynamic state management using React Hooks
- Implemented mobile-first responsive design ensuring consistent cross-browser compatibility across Chrome, Firefox, and Safari
- Deployed on Vercel with optimised build configuration, achieving fast initial load times and smooth user interactions

React Portfolio Website

React.js, CSS3, JavaScript | muawaz123.github.io/React-Portfolio

- Designed and developed a personal portfolio as a single-page application (SPA) using React.js with smooth component-based navigation
- Implemented responsive layout and modern UI/UX design principles, ensuring optimal viewing across all screen sizes and devices

Government Girls School — Institutional Website

HTML5, CSS3, JavaScript, Responsive Web Design | muawaz123.github.io/Govt-Girls-School

- Developed a clean, accessible institutional website with responsive layout, service information, and cross-device compatibility

Digital Forensic and Research Center — Data Analysis System

HTML5, CSS3, JavaScript, SQL

- Built a data management system for forensic evidence analysis, designing structured workflows to enhance digital examination efficiency
- Implemented data entry, reporting, and documentation features tailored to forensic research use cases

EDUCATION

BS (Honors) in Computer Science

Lahore Garrison University, Lahore, Pakistan | September 2020 – September 2024

Relevant Coursework: Data Structures, Web Development, Database Management Systems, Computer Networks, Object-Oriented Programming (OOP), Software Engineering

FSC Pre-Engineering

Government College of Science, Multan | August 2018 – August 2020

CERTIFICATIONS

HTML5, CSS3 & JavaScript — Certificate of Completion

React.js — Certificate of Completion

Basics of Cisco Networking — Certificate of Completion
